

Hi, my name is Dylan MacIsaac and I have been at the Warren School for eight long, fun packed years

I have several fond memories of the Warren School. In Kindergarten my class went to my sugarhouse. It made me feel special knowing what was going on and getting to show my classmates all the equipment. We all got a little gift packages with a shirt, and some syrup inside.

I remember in first grade in Gina's class we had an Author Night and one by one everyone would stand up and read our stories to our parents. I thought I was so cool and on the "About the Author" page I drew myself with spiked blue hair and ear and nose piercings. I was so embarrassed afterwards.

In 3rd grade when we went to Camp Dudley I was taking pictures of Sayer with my camera upside down to make it look like he was climbing the ceiling. When we showed people the pictures no one believed us that Sayer was actually on the ceiling. I still have those pictures.

And finally I remember in 5th grade the Greek unit. I was Hercules for the Greek banquet; I dressed up in this weird fur stuff that was like falling apart. It was funny but very uncomfortably itchy.

I have learned many things at the Warren School. The main thing I learned at Warren would definitely be to not procrastinate, even if an assignment seems easy you should always finish it as soon as possible so you don't have to be stressed out and do it in a couple days! I also have learned that studying pays off. In Science I did poorly on a test once. So then studied for my other tests and got really high scores.

In the future I hope to go to med school and become a doctor so I could help people and it would be fun, or some other job, like play first base for a professional baseball team because it is my favorite sport.

Now is time for the thank you's. First off I want to thank my mom for always supporting me in my sports and my schoolwork. Secondly my dad for teaching me the love of the outdoors.

I would like to thank you Nancy for always knowing how to make class fun. And for bringing us to your house at the end of the year for an awesome party. You gave me one of the best school years ever.

I would like to thank you Gina for being a very fun teacher and making all of us in the first grade feel no different than we would at home when we were with you. Raeanne for subbing for Gina when she was out.

Finally I would like to thank Dr.L and Laurie for being awesome! Dr.L I would like to thank you for running this great school and letting us participate in great field trips.Laurie I would like to thank you for always knowing what I was going to do after school if I didn't, and for always being nice to me.

And for all the people that I couldn't thank in this speech because that would go on forever, thank you very much for my years at the Warren School.

I will always remember you Warren, and hello Harwood.
